

VANAIR STEALTH70 Underhood Rotary Screw

Maximum Vehicle Versatility

The Stealth70's advanced, lightweight, compact design provides quiet and smooth performance, while its strategic underhood positioning frees up space on your truck bed to haul additional equipment without the need for a second vehicle on the job site.

Rotary Screw Reliability

As the first company to utilize Power Take-off (PTO) technology for rotary screw air compressors, Vanair continues to enhance the rotary screw operation by integrating innovative components into every Stealth70 unit.

Vanair Dependability

Every product that Vanair designs, engineers, and manufactures is backed by years of technological experience, expertise, and a commitment to continuous improvement. From installation assistance and operations training to comprehensive maintenance kits and troubleshooting techniques, Vanair backs up its commitment to its customers with a two-year compressor air end warranty.

No PTO? No problem with Vanair's Stealth70 Underhood Rotary Screw air compressor. Combine a Vanair air compressor with strategic under-the-hood positioning, and you've got a powerful duo that can handle your toughest applications. The Vanair Stealth70 Underhood Air Compressor, with its rotary screw delivery system, gives you continuous, on-demand air power at 70 CFM and up to 175 psi.

Over-the-Top Air Power... Under the Hood!

Vanair Stealth70 Underhood Air Compressor

VANAIR
AIR POWER TO GO™

SPECIFICATIONS

CFM	Air PSI	Compressor Oil Capacity	Mounted Weight (Dry)
70	100 to 175	1.5 gal.	140 lbs.

Compressor

Dimensions (ins.) – 7.5L x 9W x 14H

Dry weight (lbs.) – 38

Air Receiver/Separator

Dimensions (ins.) – 6 D x 26L

Dry weight (lbs.) – 40

STEALTH70 FEATURES

- An ideal choice for vehicles without a PTO
- True 70 CFM power
- Lightweight, compact design
- Underhood positioning frees up truck bed space for other uses
- Because the compressor is totally contained underhood, mobility in traffic and on job sites is greatly improved

Stealth70 Installation Kit

- Compressor
- Oil cooler
- Receiver/separator
- Mounting brackets, accessories
- Belts, wiring harness, hoses, fasteners, fittings

OPTIONS/ACCESSORIES

- Dual pressure
